

Mother Mick Ceremony
By Tomilynn W. McManus, PHQ, PGG, PSG

I stepped back into time one night
And dreamed I sat with you
We talked about your Order
And how your vision grew.

I asked a hundred questions
How much I wish I knew
About how you wrote our Ritual
And what it meant to you.

How I wish we could travel through time
And be at a meeting with you
To "Share That Jobie Spirit"
For your dream has come true.

We'd join our hands in friendship
And share love as Job's Daughters do
Then close our eyes in prayer
And thank the Lord for you.

"Thank you God for Mother Mick
And her dream that has come true
And help us to promote Job's Daughters
In everything we do." Amen

Daughters form a circle from West of Altar to East Line; join hands where mentioned in the ceremony; and hug a partner at "share love"; and immediately kneel and assume attitude of prayer in preparation for the last four lines. At "Amen", Daughters rise; sing "I Would Be True" and then disband circle.
